⚡ ELECTRICAL LABOR

DESCRIPTION	QTY	UNIT	AMOUNT
Full Electrical Gut Rehab — 10150 S Luella Ave	1	Lot	\$12,500.00

Labor Subtotal	\$12,500.00
Materials (TBD — vendor quote)	TBD
Permit Fees (est.)	Included
LABOR TOTAL	\$12,500.00

📋 SCOPE OF WORK

- Demo all existing electrical — wiring, panels, conduit, and furring strips from masonry walls
- Install new **200A electrical service** — full panel and distribution upgrade
- New wiring throughout all floors (Basement, 1st Floor, 2nd Floor)
- Install all new outlets, switches, dedicated circuits per room-by-room takeoff
- Rough-in for 3 exhaust fans (owner-supplied), 3 thermostats, doorbell
- Exterior GFCI outlets (front + rear)
- Install 6 hardwired smoke/CO detectors
- 24–26 dedicated branch circuits per panel schedule

- Telecom/cable rough-in (4 locations)
- Coordinate with general contractor, architect, and other trades
- Permit application — City of Chicago Electrical (2018 Chicago Electrical Code)

Note: This is a **labor-only proposal**. Material costs are TBD pending vendor quote from supplier. Final project total = Labor (\$12,500.00) + Materials (TBD). A material sheet can be provided upon request.

Code compliance: All work per 2018 Chicago Electrical Code, 2019 City of Chicago Building Code, and 2019 Chicago Rehabilitation Code.

Permit: Blacktech Solutions Corp will apply for and coordinate all required City of Chicago electrical permits and inspections.

 PAYMENT SCHEDULE

- 50% deposit** due before work begins — \$6,250.00
- 25% progress payment** at rough-in inspection — \$3,125.00
- 25% final payment** upon completion & final inspection — \$3,125.00
